

Guidelines for Participants with Fewer opportunities at ISM University of Management and Economics

1. Erasmus+ inclusion support

- 1.1. Priorities of the Erasmus+ programme¹ seek to promote equal opportunities and access, inclusion, diversity, and fairness across all its actions. Organizations and the participants with fewer opportunities themselves are at the heart of these objectives and with these in mind, the programme puts mechanisms and resources at their disposal.
- 1.2. To increase the qualitative impact of inclusive approach actions and ensure equal opportunities to people with fewer opportunities in Erasmus+ programme ISM university implements guidelines for additional funding for students and/or staff members that are going on Erasmus+ exchange abroad. There are two types of funding mechanisms for inclusion support of Erasmus+ participants:
 - 1.2.1. **An individual top-up support** for mobile Erasmus+ students from groups of participants with fewer opportunities (see article 2.);
 - 1.2.2. **An individual support for mobile Erasmus+ participants based on real costs** when a participant faces personal, physical, mental or health-related conditions that make participation in the mobility action (for studies or traineeships) not possible without extra financial or other support (see article 3.).

2. Individual top-up support

- 2.1. Students meeting the following eligibility criteria are eligible to apply for individual top-up support:
 - 2.1.1. All ISM undergraduate, graduate and doctoral students who are leaving for international exchange programme (for studies or traineeships) with Erasmus+ grant (scholarship);
